What We Are Learning

We will continue our exploration of **BUILDINGS**. This week's focus questions are, "***What are buildings made of and what makes them strong?***" We will focus on items located in our block center and arts and crafts center this week to create different buildings. We will determine which one of our own strong and sturdy buildings will stand using different materials.

Please take a picture of your child in front of your house or apartment building. You may email me or print out the photo. We will be doing an activity using that photo, please make sure doors and windows are visible in the photo.

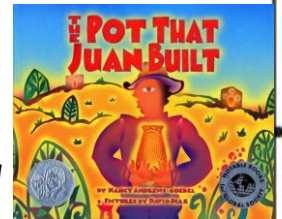

DUE: 10/23/23

Books

Keep Counting Cuenta, Cuenta

The Pot That Juan Built
By Nancy Andrews-Goebel

Parent Engagement

Please print out photos of your family (extended family too!) and decorate our leaf that was given to you in school. We will hang these on our family tree in the school hallway. This project will be due on **Wednesday, November 1st**.

Reminders

Monday, October 30th will be our class Halloween Party with costumes. Please dress your child in an easy outfit for bathroom time.

3K Halloween Parade in SCHOOLYARD at 2:00pm

Tuesday, October 31st there is NO SCHOOL!

PLEASE SEND IN ALL UPDATED HEALTH AND IMMUNIZATION FORMS. ALL STUDENTS MUST HAVE FLU SHOT BY DEC. 31.

Activity of the Week

We will create a house or building out of toothpicks and marshmallows.
