

**Pre-K Classroom Newsletter**  
**February 12th - February 16th**

**Classroom News**

This week we will learn about how to care for pets. Children will learn about how to wash different pets to keep them clean and how vets can help us care for our animals. They will also learn about how animals communicate in their own ways.

We will be reading various books. Some of these include:

**Vocabulary**

We will be learning new vocabulary each week. Our words of the week are: **adult, brush, care plan, cleanse, clippers, communicate, groom, groomer, nail trimmer, organize, and veterinarian**

**Weekly Experiences**

This week the children:

- will demonstrate different sounds and movements pets make.
- will draw how they can take care of a pet.
- will draw a tool that a veterinarian might use to help care for a pet (stethoscope, scale, clippers, etc.)
- will come up with a name for their adopted dog and make collars for them.

**Home Extensions**

If you have a pet at home, or your neighbor has a pet, have your child document what the pets need. Have your child draw different grooming materials, such as brushes, combs, and nail clippers.
