

**Pre-K Classroom Newsletter**  
**February 5th - February 9th**

**Classroom News**

This week we will learn about what pets eat.

We will be reading various books. Some of these include:

**Vocabulary**

We will be learning new vocabulary each week. Our words of the week are:  
**appropriate, carnivore, chomp, collar, cuttlebone, grains, gobble, groomer, hay, herbivore, kibble, manager, meat, nibble, omnivore, pellets, recommended, seeds, and treats**

**Weekly Experiences**

This week the children:

- will look at different types of pet food with a magnifying glass in the Science Center.
- will discuss the difference between a carnivore, herbivore, and omnivore. The students will then draw the different types of teeth.
- will draw a pet and describe what kind of food they eat.

**Home Extensions**

If you have a pet at home, or your neighbor has a pet, have your child feed that pet. Discuss with your child why different pets prefer specific kinds of food. You can also visit a pet supply store, a feed store or grocery store so your child can see different types of food.

**Please send in a photo of a family pet by Monday if you have one!**
